**The topic of the call is equality, class struggle and precariousness.**

The highest possible sum to apply for individual projects is € 500, for group projects € 1200.

The budget for each project is structured as following:

The proposals for distribution will consequently be discussed in the ÖH meeting and information on funding will be announced after the meeting.

### Reimbursement

**Please respect the deadline on the February 21<sup>st</sup>, 2019** for the submission of bills, so accounting and documentations can be handled in time and payout can be carried out. Until this date the project needs to be finished. The money will be refunded only after the submission of bills and a documentation of the finished project which means that until then you first have to pay the bills on your own and receive the refund later.
