**ÖH AKBILD
STUDENT UNION (ÖH) OF
THE ACADEMY OF FINE ARTS VIENNA
2020/2021**

ÖH AKBILD **STUDENT UNION (ÖH) OF THE ACADEMY OF FINE ARTS VIENNA**

Founded in 1946, The Austrian National Union of Students' federal body of Representatives is the legal representative of all students to the competent ministries. Students in Austria are internally represented on 3 different levels (Bundesvertretung / Universitätsvertretung / Studienvertretung) where Representatives advocate for their interests.

The students' body of representatives is therefore the legally anchored representation of the students at the Academy of Fine Arts. The people in the chair persons team, the university representatives, the departmental representatives and the departments represent student interests in internal academy committees, commissions and working groups as well as externally to ministries, politics and society.

The Academy's students body has set itself the goal of improving the legal situation of students in study-specific, social and other matters. The special situation of socio-economically disadvantaged students as well as students from outside the EEA/EU, who are financially disadvantaged, are at the core of interest in all actions of the students' union of the Academy of Fine Arts Vienna.

HOW IS THE STUDENTS' BODY OF REPRESENTATIVES COMPOSED?

There are 2 different bodies to represent the students' interest within the Academy and outside, both of which are elected every 2 years.

University representation (UV): A list is chosen for the university representation during the ÖH elections. The list consists of 9 members, 3 of whom are elected as chairpersons and up to 9 substitute members.

Study Representatives (StV):

The size of the departmental representation depends on the number of students. Individuals are elected for this body. The StV take care of students' concerns in the respective field of study, help you with funding, information, advice, events, etc.

The students' union of the Academy of Fine Arts is composed of the following study representatives:

Architecture	oeharch@akbild.ac.at
Fine Arts	oehbk@akbild.ac.at
Education in the Arts	oehikl@akbild.ac.at
Scenography	oehszeno@akbild.ac.at
Doctoral Studies	oehdok@akbild.ac.at
Conservation and Restauration	oehreko@akbild.ac.at
Master Critical Studies	oehmcs@akbild.ac.at

IN WHICH BODIES OF THE ACADEMY IS THE STUDENT UNION PRESENT

The rectorate, senate and Unirat are the three governing bodies of the university. Regular talks take place between the rectorate and the ÖH representatives.

The students' union can send 6 students with voting rights to the Senate. Guests are normally allowed upon request.

In the Unirat, which is a kind of supervisory board of the Academy, the ÖH chairpersons team is regularly invited for special topics. Presence during the rest of the time or the presence of guests is not possible.

Curriculum commissions and appointment commissions are additional commissions on which students have a say. The students' representatives are delegated by the university representation and have a third of the votes.

The working group for equality issues is a university body that aims to counteract discrimination, 4 students are part of the working group.

The institute conference is a legally no longer binding communication organ that is not by law and takes place continuously at the Academy only in the Fine Arts. The student union is part of the meetings.

HOW CAN I PARTICIPATE?

You are welcome to come to sessions and meetings of the ÖH - there are many open meetings! As a student member, you can work in many different bodies, commissions or in the presentations – check your emails, all information on this is always sent out via email!

You are very welcome to contact your study representatives or the ÖH office, in order to find out, which meetings and projects are going on and how you can involve yourself: oeh@akbild.ac.at

Every Student of the Academy can run for the university and the study representation election!

Please contact oeh@akbild.ac.at till march 2021 if you are interested.

INFORMATION OF ÖH ELECTIONS

The university representation and the study representatives are elected every two years. **The next election will take place in Mai 2021.**

Election Venue:

ÖH-Büro, 1. Stock, Raum D1.9.3, Augasse 2-6, 1090 Wien

WHAT will be elected?

Every two years the Austrian Students Union is elected.

Students of the Academy of Fine Arts have three ballot papers for:

Study representatives, which is an election of individuals for the representation of a field of study, whose size is dependent on the numbers of students of the department. University representation is a list election, in which the university representation in office runs for office. The list is composed out of 9 members and up to 9 substitute members (*see university representation above*).

The National Students' Union represents the concerns of the students on a national scale, vis-à-vis ministries and university conferences. In this list election the running fractions are elected directly and gain mandates in relation to the percentage of votes in the study parliament that is composed of 55 mandates.

WHO is allowed to vote?

All ordinary and extra-ordinary students, who are accredited for studying are allowed to vote. *Attention:* you can only vote once for the National Students' Union even if you are registered at more than one university.

WHY vote?

Your vote can together with the votes of all other students in Austria fight for good study conditions! Enforce the rights of all students and improve the pre-conditions of study specific, social and other concerns (e.g. studying while caring for a child, working students, students from non EEA/EU-countries etc.) and enlarge possible assistance. Contribute to stopping the neoliberal tendencies of ever growing efficiency and the decrease of state financing in the Austrian education policies!

The one, who votes, decides!

**WE ARE
HERE
TO
SUPPORT**

WHAT SUPPORT CAN YOU GET FROM ÖH AKBILD?

The ÖH not only represents the students within university committees and on a general political scale, but also offers concrete support to individuals financially, by (legal) counselling etc. If you wish to find out, what the ÖH does, check our website: www.oehakbild.info.

Project Funding:

The students' union of AkBild funds projects of students with financial or structural support; these projects need to be relevant to students and the students' union reserves the right to countercheck, whether the content of the respective projects have relevance for students.

The department for art and (counter)culture writes out a thematic project call twice a study year. The deadlines are published on the www.oehakbild.info and sent out via email to all students. Around 10 projects are funded with each call. The requirements are published in each call.

The students' union university body of representatives (UV) holds regular meetings, where you can deposit proposals for projects or requests for financial or structural support (rent for spaces, events, equipment, etc.). Send an email in advance to the office (oeh@akbild.info) with a short description of your idea (including budget) and ask for the next UV-meeting

Ask your study representatives for calls or other possibilities for funding!

Social funds of the students' union

The student union has set up in their budget a social fund for persons, who are in financial need. You can apply once a study year for a funding.

In general, the social fund of the student union is open to all students of the Academy of Fine Arts, who are in financial distress, under the condition that you do not get support from any other institution. As third country students are discriminated when it comes to subsidies and stipends, their applications will be privileged.

The financial means of the students' union of the Academy of Fine Arts are limited due to the low number of students studying at the Academy, therefore not all applications can be answered positively. There is no legal claim to granting support!

If you find yourself in financial distress, please contact the Social Affairs Office, so we can discuss your situation in a confidential atmosphere.
